Start-up Slams

The NutrEvent Start-up Slams offer the opportunity to detect the most innovative and promising start-ups, in order to foster partnerships and business development in the Food, Feed, Nutrition and Health sectors.

The Start-up Slams are a great opportunity for young companies seeking to raise a financing round to showcase their project in front of potential partners and investors.

The selected candidates will receive advice and feedback ("speed-mentoring") from a panel of experts.

The winner(s) will be awarded as the most innovative start-up(s) in Europe.
