The NutrEvent Start-up Slams offer the opportunity to detect the most innovative and promising start-ups, in order to foster partnerships and business development in the Food, Feed, Nutrition and Health sectors.

The Start-up Slams are a great opportunity for young companies seeking to raise a financing round to showcase their project in front of potential partners and investors. The selected candidates will receive advice and feedback ("speed-mentoring") from a panel of experts. The winner(s) will be awarded as the most innovative start-up(s) in Europe.
In the unique context of this year, NutrEvent organisers and its Steering Committee made the decision to organise NutrEvent together with AgeingFit, the European partnering event fostering innovation in the Healthy Ageing sector. Reduced rates are offered should you decide to attend both events.
